

Critical Illness Insurance

can pay money directly to you when you're diagnosed with certain serious illnesses.

How does it work?

If you're diagnosed with an illness that is covered by this insurance, you can receive a lump sum benefit payment. You can use the money however you want.

Why is this coverage so valuable?

- The money can help you pay out-of-pocket medical expenses, like co-pays and deductibles.
- You can use this coverage more than once. Even after you receive a payout for one illness, you're still covered for the remaining conditions and for the reoccurrence of any critical illness with the exception of skin cancer. The reoccurrence benefit pays 100% of your coverage amount. Diagnoses must be at least 180 days apart or the conditions can't be related to each other.

What's covered?

Why should I buy coverage now?

- It's more affordable when you buy it through your employer and the premiums are conveniently deducted from your paycheck.
- If you apply during your initial enrollment, you can get coverage without a health exam or medical questions.
- Coverage is portable. You may take the coverage with you if you leave the company or retire. You'll be billed at home.

- Annual exams by a physician include sports physicals, well-child visits, dental and vision exams
